INVERTER AMC – TERMS & CONDITIONS

1. Scope of AMC

This AMC covers the inspection, preventive maintenance, servicing, troubleshooting, and repair of the **inverter system** specifically mentioned in the AMC agreement.

Any damage, corrosion, rusting, breakage, malfunction, or failure resulting from electrical faults, voltage fluctuations, improper usage, overloading, short circuits, mishandling, physical damage, environmental conditions, water/moisture exposure, rodent or pest damage, or any other external cause beyond the control of the Service Provider shall be excluded from the scope of this AMC.

2. Repair & Maintenance

This AMC covers repair and maintenance services only.

If any part, component, or equipment is found to be defective, damaged, beyond repair, or unserviceable, replacement shall be carried out only after obtaining the Client's approval.

The cost of new or replacement parts, applicable taxes, cartage/transportation, and additional labour charges, where applicable, shall be borne by the Client.

Any replacement requested by the Client for upgrading, modification, capacity enhancement, or any other reason shall also be chargeable separately.

3. Major Components

The AMC does not cover the supply or replacement of major components such as:

- Power PCB / Control PCB
- Inverter Power Module

- MOSFET / IGBT
- Transformer
- Relay
- Battery
- Battery Terminal/Cable
- Cooling Fan
- Display/Control Panel
- Charger Module
- Circuit Breaker / MCB
- Major Electrical Components
- Other major spare parts

If any major component requires replacement, the same shall be provided only after Client approval and shall be charged as per the prevailing market price, along with applicable taxes, cartage, and service charges.

4. General Servicing

The AMC includes **two (2) complimentary general servicing/maintenance service** of the inverter during the contract period.

General servicing may include inspection, basic cleaning, terminal inspection, connection checking, and operational testing, wherever technically applicable.

Any additional servicing, deep cleaning, battery maintenance, or specialized work beyond the included service shall be chargeable as per the Service Provider's prevailing rates.

5. Battery & Battery-Related Issues

The AMC does not include the replacement of batteries unless specifically mentioned in the AMC agreement.

Battery-related issues such as reduced backup, battery aging, low battery capacity, sulphation, leakage, swelling, or end-of-life condition shall not be considered a covered repair.

Battery replacement, battery charging, battery servicing, terminal replacement, and related materials shall be chargeable separately.

6. AMC Payment Terms

The total AMC contract value shall be paid **100% in advance** by the Client at the time of execution of this agreement.

AMC services shall commence only after receipt of the full payment.

7. Exclusions

The following are not covered under this AMC:

- Major spare-parts replacement
- Battery replacement
- Major PCB/control-board replacement
- Transformer replacement
- Power module replacement
- Damage due to voltage fluctuation
- Damage due to short circuit or electrical surge
- Damage
